

FOR IMMEDIATE RELEASE

Cleveland Tank Recertified for ISO 9001:2015, Strengthening Commitment to Quality and Continuous Improvement

CLEVELAND, OH – October 14, 2025

Cleveland Tank, a leading manufacturer of diesel fuel and hydraulic tanks, is proud to announce it has successfully been recertified to ISO 9001:2015, the internationally recognized standard for quality management systems.

This recertification reflects Cleveland Tank's ongoing commitment to consistent quality, process-driven excellence and customer satisfaction across all aspects of its operations. By meeting the rigorous requirements of ISO 9001:2015 once again, Cleveland Tank reaffirms its ability to provide reliable, high-performing products and services to OEMs, distributors and end-users.

"Maintaining ISO 9001:2015 certification is a powerful validation of the systems we have in place and the dedication of our entire team," said David Wilson, General Manager. "Our customers trust us to deliver tanks and components that meet the highest standards, and this recertification reinforces that trust."

For decades, Cleveland Tank has provided direct-fit diesel fuel tanks, hydraulic tanks and accessories designed to reduce downtime and deliver lasting performance. The ISO 9001:2015 recertification demonstrates the company's continued focus on quality and continuous improvement to support customers across industries.

###

About Cleveland Tank

Founded in 1990, Cleveland Tank specializes in the engineering and manufacturing of diesel fuel and hydraulic tanks for various applications, including school buses, semi-trucks and more. All tanks are designed in-house by skilled engineers, manufactured by hand and pressure-tested to ensure leak-free performance. Committed to quality and customer satisfaction, Cleveland Tank continues to be a trusted source for fuel system solutions across North America.
