PRESS RELEASE

Cleveland Tank Announces Participation in The Utility Expo 2025

CLEVELAND, OH — June 19, 2025

Cleveland Tank, a leading provider of diesel fuel and hydraulic tanks, is excited to announce it will exhibit at The Utility Expo 2025, taking place October 7-9, 2025, in Louisville, Kentucky. Located at booth S4460, Cleveland Tank will showcase its latest tank and tank mounting solutions for the evolving needs of utility professionals.

The Utility Expo is the largest and fastest growing trade show in the utility industry, where attendees have the unique experience of engaging with utility professionals and equipment vendors. Industries represented include electric transmission and distribution, natural gas transmission and distribution, telecommunications, water treatment and stormwater management.

“We’re proud to be part of the premier event for utility construction and infrastructure,” said Pat Donegan, Sales Manager at Cleveland Tank. “The Utility Expo provides unmatched opportunities to connect with peers, customers, and innovators in the field.”

The Utility Expo occupies 1.5 million square feet with 21,000 attendees, who have access to more than 30 utility industry specific classrooms, hands-on demonstrations, new products and technology, and peer-to-peer education.

“The Utility Expo is where the industry comes to do business,” said Brianne Somers, show director of The Utility Expo. “We’re thrilled to welcome Cleveland Tank to the show floor and provide them with a space to connect with thousands of engaged utility professionals.”
