

## FOR IMMEDIATE RELEASE

Cleveland Tank Expands Aftermarket Diesel Fuel Tank Line with Two New Models for Thomas Built School Buses

CLEVELAND, OH – July 8, 2025

Cleveland Tank, a leading manufacturer of high-quality aftermarket diesel fuel tanks, is proud to announce the expansion of its product line with the release of two new replacement tanks designed specifically for Thomas Built school buses.

The newly introduced models are engineered to meet OEM specifications for a direct-fit solution, providing fleet operators and service departments with reliable and cost-effective alternatives to dealer-supplied tanks.

- **RS1560CC-54** – 60-gallon capacity replacement tank for Saf-T-Liner C2 and HDX buses with OEM # A03-54358-001
- **RS22100CC-56** – 100-gallon capacity replacement tank for Saf-T-Liner C2, EFX and HDX buses with OEM # 61272184

“These new tank models reflect our continued commitment to serving the school transportation industry with premium aftermarket solutions that deliver value, durability and performance,” said Pat Donegan, Sales Manager. “Our in-house engineering and manufacturing teams work closely with customers to ensure every tank meets exacting standards for safety and fit.”

Both new models are in stock and available for immediate order through Cleveland Tank’s distribution network and direct sales team.
