

## FOR IMMEDIATE RELEASE

Cleveland Tank Unveils RS1565CC-52:

New Aftermarket Diesel Fuel Tank for International School Buse

CLEVELAND, OH – May 15, 2025

Cleveland Tank, a leading manufacturer of diesel fuel and hydraulic tanks, proudly announces the release of its latest product: the RS1565CC-52 diesel fuel tank. This new offering is designed as a direct-fit, aftermarket replacement for International school buses with OEM # 3596529C94, providing fleet operators with a reliable and cost-effective solution to maintain their vehicles.

The RS1565CC-52 is constructed from heavy-duty mild-grade steel and finished with a corrosion-resistant black powder coat, ensuring long-lasting durability. It is DOT-certified and pressure-tested to guarantee leak-free performance. The tank includes essential features such as a magnetic drain plug, rollover protection vent, vent tubing, fuel cap, drawtube, return, equalizer fittings and a sending unit flange. Optional accessories like mounting brackets, straps and rubber insulators are also available to facilitate installation.

This new product complements Cleveland Tank's extensive line of aftermarket diesel fuel tanks, which are engineered to meet or exceed OEM specifications. With over 30 years of experience in manufacturing fuel tanks for school buses, Cleveland Tank continues to support fleet operators by providing high-quality, American-made products that ensure safety and reliability on the road.

For more information about the RS1565CC-52 diesel fuel tank and other products, please visit Cleveland Tank's official website.

### **About Cleveland Tank**

Founded in 1990, Cleveland Tank specializes in the engineering and manufacturing of diesel fuel and hydraulic tanks for various applications, including school buses, semi-trucks and more. All tanks are designed in-house by skilled engineers, manufactured by hand and pressure-tested to ensure leak-free performance. Committed to quality and customer satisfaction, Cleveland Tank continues to be a trusted source for fuel system solutions across North America.
